

MAVRIK™

EVERY FACE DESIGNED FOR DISTANCE

Industry-leading Ball Speeds From Flash Face Cup Technology

Optimal Launch From Tungsten Energy Core

Unprecedented Feel From Urethane Microspheres

Premium Components

DESIGNED BY

MAVRIK STANDARD IRON

Industry-leading Ball Speeds From Flash Face Cup Technology

For the first time, we're using Artificial Intelligence in an iron. We've created a sophisticated face architecture that's unique to every loft, so we can create a significant boost in ball speed and increased spin robustness off of every iron. And ball speed is further enhanced by our 360 Face Cup that flexes and releases at impact.

Optimal Launch From Tungsten Energy Core

The custom tungsten weights in each iron allow us to locate the position of the CG in each iron with extraordinary precision while still maintaining ball speed in the Flash Face Cup. This promotes optimum launch and ball flight through the set, from strong lofts and player preferred trajectory, spin rates, and land angles.

Unprecedented Feel From Urethane Microspheres

We've implemented our patented urethane microspheres to comprehensively absorb unwanted vibration for pure feel, while also maximizing COR for incredible ball speed.

Premium Components

MAVRIK is available in stock premium shafts from True Temper and Project X with premium Golf Pride Grips.

Lightweight Women's Performance Package and Premium Components

MAVRIK MAX W Lite Irons are designed for increased distance and forgiveness in a total women's performance package. They're specifically configured to be easy to launch and long with precise CG positions, head weighting, and lofts.

Ultra-lite Women's Performance Package and Premium Components

MAVRIK MAX W Lite Irons are designed for increased distance and forgiveness in a total women's performance package. They're specifically configured to be easy to launch and long with precise CG positions, head weighting, and lofts. Ultra-lite components and 40 gram UST Helium shafts help to enhance swing speeds, and premium Lamkin grips complete the set.
