

THE ULTIMATE IN LIGHTWEIGHT PERFORMANCE

EXCEPTIONAL DISTANCE WITH EASY LAUNCH

HIGH BALL SPEEDS FROM JAILBREAK A.I. VELOCITY BLADES

Our Jailbreak A.I. Velocity Blades are engineered to increase vertical stiffness near the sole of the club, creating more ball speed. These blades allow the Face Cup to flex on the crown to promote better spin rate consistency, and the bars are spread to enhance torsional stiffness, leading to more forgiveness all across the face.

FAST BALL SPEED FROM A.I. DESIGNED FLASH FACE SS21

Every face is uniquely designed using advanced A.I. This proven ball speed design puts an even greater emphasis on center and off-center ball speeds.

HIGH LAUNCH, HIGH MOI

Precision tungsten weighting in each loft, lowers the CG and increases MOI for more forgiveness. Our strong, lightweight triaxial carbon crown also lowers the CG, for a higher launch window.

FAIRWAY WOOD SHAPING FOR EASY LAUNCH

With its longer profile and deeper CG, this hybrid is remarkably easy to hit and easy to launch consistently.

PREMIUM ULTRA-LIGHTWEIGHT COMPONENTS

The speed enhancing ATTAS shaft and fixed hosel help to reduce the overall club weight for easy speed with your swing.

SPECIFICATIONS

MODEL	LOFT	AVAILABILITY	LENGTH	LIE	SWING WEIGHT
3H	17°	RH/LH	40.5"	58.5°	D0
4H	20°	RH/LH	40"	59°	D0
5H	23°	RH/LH	39.5"	59.5°	D0
6H	26°	RH/LH	39"	60°	D0
7H	29°	RH	38.5"	60.5°	D0
8H	32°	RH	38"	61°	D0
