

OUR FASTEST FAMILY OF HYBRIDS EVER

SPEED & STABILITY FROM JAILBREAK ST

The new A.I.-designed Jailbreak system has been completely redesigned to promote speed and stability. The two Jailbreak frames are pushed to the perimeter, providing stiffness while allowing the face to flex for high ball speeds.

A.I. FACE OPTIMIZED FOR SPEED, LAUNCH AND SPIN

From our high strength 455 Face Cup, we've applied an all new A.I. face optimization to include speed, launch and spin. This unique face pattern is customized for each model and loft in the hybrid lineup.

OPTIMAL LAUNCH WITH MORE SPEED

Up to 24g of precision tungsten allows for precise Center of Gravity (CG) locations, delivering optimal launch with even more ball speed.

ROGUE ST MAX

The Rogue ST MAX is our longest Rogue ST hybrid model, built with slightly stronger lofts to fit an extensive range of golfers looking for speed, forgiveness, and all-around hybrid performance.
