OUR FASTEST FAMILY OF HYBRIDS EVER

SPEED & STABILITY FROM JAILBREAK ST

The new A.I.-designed Jailbreak system has been completely redesigned to promote speed and stability. The two Jailbreak frames are pushed to the perimeter, providing stiffness while allowing the face to flex for high ball speeds.

A.I. FACE OPTIMIZED FOR SPEED, LAUNCH AND SPIN

From our high strength 455 Face Cup, we've applied an all new A.I. face optimization to include speed, launch and spin. This unique face pattern is customized for each model and loft in the hybrid lineup.

OPTIMAL LAUNCH WITH MORE SPEED

Up to 15g of precision tungsten allows for precise Center of Gravity (CG) locations, delivering optimal launch with even more ball speed.

ROGUE ST MAX OS LITE

The Rogue ST Max OS Lite is our highest-launching, easiest-to-swing Rogue ST hybrid. It features lightweight components, lighter swingweights, and our widest loft offering (3H - 8H) along with Max OS.
