

Rogue ST MAX Fairway Woods

Product Name: Rogue ST MAX Fairway Woods

Product One-liner: Our Fastest Fairway Wood Ever

Product Intro:

The new Rogue ST fairway woods represent a breakthrough in fairway performance. Callaway's industry-leading innovations, including the all-new Tungsten Speed Cartridge, new Jailbreak ST, and an A.I.-designed Flash Face are engineered for maximum speed with exceptional levels of forgiveness.

The Rogue ST MAX model will fit a wide range of players who want speed, forgiveness, and all-around performance. It's a mid-launch offering with slight draw bias. The MAX model features a new progressive shape to appeal to a wide range of golfers. This is our widest Rogue ST offering, featuring models from a 3W through 11W.

Features & Benefits

Speed and Stability from all-new Jailbreak ST

The new A.I.-designed Jailbreak system has been completely redesigned to promote speed and stability. The two Jailbreak batwings are pushed to the perimeter, providing stiffness while allowing the face to flex for high ball speeds.

Optimal Launch with More Speed from the Tungsten Speed Cartridge

We're introducing the groundbreaking Tungsten Speed Cartridge for the first time in a fairway wood. By incorporating up to 27g of high-density tungsten, the Center of Gravity (CG) is pushed low and forward. The result is lower spin with more ball speed.

A.I. Face Optimized for Speed, Launch and Spin

We've applied an all new A.I. face optimization to include speed, launch and spin. This unique face pattern is customized for each model and loft in the fairway lineup.

Speed and Consistency from a High Strength Face Cup

The C300 maraging steel is specially treated through a proprietary process for high strength and flexibility, while the Flash Face Cup provides speed and spin consistency across the face.
