

Rogue ST Pro Hybrids

Product Name: Rogue ST Pro Hybrids

Product one-liner: An All-New Jailbreak System For Powerful Distance

Product Intro:

Callaway continues to push the boundaries of hybrid performance with the all-new Rogue ST. Industry-leading innovations such as an all-new Jailbreak ST, high strength A.I.-designed Face cup and precision tungsten weighting are engineered for speed and forgiveness.

The Rogue ST Pro is geared to the better player. It features a fairway wood/compact shaping, shallow face, and neutral CG for the most workability in the Rogue ST line.

Features & Benefits

Speed & Stability from Jailbreak ST

The new A.I.-designed Jailbreak system has been completely redesigned to promote speed and stability. The two Jailbreak frames are pushed to the perimeter, providing stiffness while allowing the face to flex for high ball speeds.

A.I. Face Optimized for Speed, Launch and Spin

From our high strength 455 Face Cup, we've applied an all new A.I. face optimization to include speed, launch and spin. This unique face pattern is customized for each model and loft in the hybrid lineup.

Optimal Launch with More Speed

Up to 24g of precision tungsten allows for precise Center of Gravity (CG) locations, delivering optimal launch with even more ball speed.

Refined Soles and Fairway Wood Shaping

The enhanced sole camber promotes better turf interaction and versatility. The fairway wood shaping, shallower face and neutral CG are built to enhance workability for better players.
