

## Warbird Golf Balls

Product Name: Warbird Golf Balls

Product One-liner: Designed For Distance

Product Intro:

Callaway's Warbird is a distance ball that creates maximum speed from a large high energy core, and a 2-piece construction. This design promotes high launch and long carry from our HEX Aerodynamics, with impressive feel and control to complement all that distance. Try the Warbird if you're looking to add distance to your game.

### Features & Benefits

#### **Long Distance**

Warbird is built for maximum ball speed off of every club. The extra-large, high-energy core is highly compressible so you can unlock more potential distance.

#### **High Launch and Long Carry**

HEX Aerodynamics reduces drag and promotes increased launch for more speed, better ball flight and more distance.

#### **Supreme Feel and Control**

The optimized ionomer cover and large core provide feel and greenside control from a 2-piece design.
