

HELD TO THE HIGHEST STANDARD

APEX UT IRONS

PURE POWER WITH COMPLETE CONTROL

FEATURES & BENEFITS

Advanced Forged Performance and Powerful Precision
The Forged 455 face cup provides exceptional distance, making the Apex UT'24 iron an incredibly powerful and workable option off the tee.

Dynamic Sole Design for Enhanced Turf Interaction
The new Apex UT '24 irons feature a Dynamic Sole Design with a pre-worn leading edge to cut through the turf more efficiently and trailing edge relief to ensure a clean exit. The result is an iron sole that maintains speed through the turf and promotes consistent contact on all shots. The new Apex Utility iron is a more compact shape than its predecessor with a slightly shallower face to promote a higher launch.

Endless Combo Set Possibilities
The Apex UT '24 irons are the perfect complement to the other Pro Series models. Whether you're looking for a driving iron or a long iron replacement, the Apex UT' 24 irons are designed to seamlessly blend with the other Pro Series models to meet a player's specific needs. All Pro Series irons feature the same MIM back weight to give fitters more control to dial in swing weight.

CLUB	Loft	Availability	Lie	Offset	Steel Length	Swingweight (St)	Graphite Length (St)	Swingweight (Gr)
2	18.0	RH/LH	60.0	2.3mm	39.50"	D3	39.50"	D1
