

SWEETER FROM EVERY SPOT

Ai SMOKE MAX FAIRWAY

The new Paradym Ai Smoke fairway represents a quantum leap forward in Callaway's Ai journey. This new family of fairway woods feature the most sophisticated face in Callaway history, the Ai Smart Face. This face uses real player data and advanced machine learning to create a series of sweet spots all over the face. *With progressive shaping and the most extensive offering, Ai Smoke Max Fairway Woods will be the optimal choice for players who want consistent launch and a neutral ball flight.*

Breakthrough Fairway Performance Powered by Ai Smart Face™

Ai Smoke fairway woods utilize Ai Smart Face; a breakthrough technology in face design that utilizes thousands of actual player swings. Every Ai Smart Face is designed to optimize launch and spin, creating sweet spots across the face.

A Paradym Shift from a Lighter, Stronger Carbon Chassis

The Carbon Chassis has been refined to promote enhanced weight redistribution. 24g of total weight has been repositioned throughout the head. 12g is placed low-forward to enhance launch and spin, and 12g rearward for increased forgiveness.

Optimal Launch with High Speed from the Tungsten Speed Cartridge

By incorporating a tungsten speed cartridge, we can push the center of gravity (CG) low and forward. The result is optimal launch and spin to promote maximum distance.

Refined Shaping with Adjustability for More Versatility

With progressive shaping and the most extensive offering, Ai Smoke Max Fairway Woods will be the optimal choice for players who want consistent launch and a neutral ball flight. An adjustable hosel in the 3W and 3HL models gives players additional control to dial in loft and shot shape.

Ai SMOKE TD FAIRWAY

The new Paradym Ai Smoke fairway represents a quantum leap forward in Callaway's Ai journey. This new family of fairway woods feature the most sophisticated face in Callaway history, the Ai Smart Face. This face uses real player data and advanced machine learning to create a series of sweet spots all over the face. *The Triple Diamond fairway wood will benefit golfers who want to work the ball, and typically have faster swing speeds for a penetrating ball flight with lower spin.*

Breakthrough Fairway Performance Powered by Ai Smart Face™

Ai Smoke fairway woods utilize Ai Smart Face; a breakthrough technology in face design that utilizes thousands of actual player swings. Every Ai Smart Face is designed to optimize launch and spin, creating sweet spots across the face.

Advanced Construction in Workable Shape

The Triple Diamond Fairway is designed with a deeper face and compact, player preferred shape. Aimed to please the eye of more discerning players, grooves extending across the face help to favor the eye towards a neutral to fade biased shot.

Penetrating Ball Flight with Low Spin

From a steel sole and forward weight screw, the Triple Diamond fairway wood fits better players desiring a penetrating ball flight with low spin. An adjustable hosel allows golfers to further dial in trajectory.
