Product Name: Chrome Tour X Golf Balls

Product One-liner: Consistently Outstanding Tour Performance

Product Intro:

From cover to core, Chrome Tour X is the new gold standard for the best players who want a speed and the ultimate control from their Tour Ball. Every detail has been optimized including a new core, inner mantle, outer mantle, and cover formulation. We've engineered Chrome Tour X to provide outstanding distance, workability, and spin so you can experience your best performance from tee-to-green.

Features & Benefits

Exceptionally Fast Ball Speeds

From a new Hyper Fast Soft Core. The core is engineered for the best players who want maximum ball speed and distance, especially off the driver.

Maximum Workability Through The Bag

From a new Seamless Tour Aero. The new, uniquely designed aerodynamic package is built for a consistently penetrating flight with enhanced workability for every club.

Optimized Greenside Spin and Control

From a new High-Performance Tour Urethane Soft Cover. Better players can take advantage of the spin and workability in Chrome Tour X to hit the most precise iron and wedge shots.

Precision Technology

Each of our technologies are meticulously measured through our industry-leading manufacturing, with over 100 million proof points, for more consistent performance in the ball.
