

PUTT SMARTER

Ai-ONE • CRUISER

This Odyssey Ai-ONE Cruiser Line offers three distinct configurations for three different styles of putting (Cruiser, Arm Lock and Broomstick). All of these putters feature our Ai-ONE insert which delivers more consistent ball speeds, even from off-center hits, leaving putts closer to the hole.

AI-ONE INSERT

Designed using Artificial Intelligence, we've created contours on the Aluminum backer of the insert which we co-mold to a White Hot Urethane striking surface to promote consistent ball speed across the face with the classic White Hot feel that Tour players and amateurs love.

Ai WINDOW

Our designers and engineers developed a Panlite window, which is a unique automotive grade polymer, that allows us to showcase the unique topology of the back of our insert.

SL 140 AND 200 SHAFTS

These heavier steel shafts are designed to complement the heavier heads, longer grips and longer overall lengths of these models.

UNIQUE NAVY BLUE PVD FINISH

These putters all feature a beautiful navy blue PVD finish that really sets them apart and gives them a premium look.

INTERCHANGEABLE FRONT WEIGHTS

Available in 5, 10, 15 and 20 grams these removable weights allow you to dial in your head weight to your exact preference.
