

Odyssey Ai One Cruiser Putter

This Odyssey Ai-ONE Cruiser Line offers three distinct configurations for three different styles of putting (Cruiser, Arm Lock and Broomstick). All these putters feature our Ai-ONE insert which delivers more consistent ball speeds, even from off-center hits, leaving putts closer to the hole.

Features & Benefits

AI-ONE INSERT

Designed using Artificial Intelligence, we've created contours on the Aluminum backer of the insert which we co-mold to a White Hot Urethane striking surface to promote consistent ball speed across the face with the classic White Hot feel that Tour players and amateurs love.

Ai WINDOW Our designers and engineers developed a Panlite window, which is a unique automotive grade polymer, that allows us to showcase the unique topology of the back of our insert.

SL 140 AND 200 SHAFTS

These heavier steel shafts are designed to complement the heavier heads, longer grips and longer overall lengths of these models.

UNIQUE NAVY BLUE PVD FINISH

These putters all feature a beautiful navy blue PVD finish that really sets them apart and gives them a premium look.

INTERCHANGEABLE FRONT WEIGHTS Available in 5, 10, 15 and 20 grams these removable weights allow you to dial in your head weight to your exact preference.

Ai One Cruiser Model Descriptions

#7 CRUISER: The Ai-ONE #7 CRUISER is an iconic shape and a modern classic with an angular design that makes it very easy to align. This version has a 380-gram head and is built at 38" with a 17" grip intended to be choked up on. This configuration makes this face balanced putter extremely stable. This putter features our Ai-One insert with an aluminum backer and White Hot urethane striking surface and our new SL 140 Stroke Lab steel shaft.

Double Wide: The Ai-ONE Double Wide CRUISER is a wider bodied blade that has become very popular with Tour players and amateur golfers alike. This version has a 380-gram head and is built at 38" with a 17" grip intended to be choked up on. This configuration makes this putter extremely stable. This putter features our Ai-One insert with an aluminum backer and White Hot urethane striking surface and our new SL 140 Stroke Lab steel shaft.

Jailbird: The Jailbird CRUISER is a classic Odyssey shape that made a major splash on Tour last year. This version has a 380-gram head and is built at 38" with a 17" grip intended to be choked up on. This configuration makes this face balanced putter extremely stable. This putter features our Ai-One insert with an aluminum backer and White Hot urethane striking surface and our new SL 140 Stroke Lab steel shaft.

#7 Arm Lock: The Ai-ONE #7 Arm Lock is an iconic shape and a modern classic with an angular design that makes it very easy to align. This version has a 380-gram head and is built at 42" with an Arm Lock grip intended to be rested on your forearm. This configuration makes this face balanced putter extremely stable. This putter features our Ai-One insert with an aluminum backer and White Hot urethane striking surface and our new SL 140 Stroke Lab steel shaft.

#7 CS Broomstick: The Ai-ONE #7 CS Broomstick is an iconic shape and a modern classic with an angular design that makes it very easy to align. This version has a 450-gram head and is built at 48" with a split Broomstick grip. This configuration makes this center shafted putter extremely stable. This putter features our Ai-One insert with an aluminum backer and White Hot urethane striking surface and our new SL 200 Stroke Lab steel shaft.
