

# ELYTE<sup>®</sup>

## MAX FAST

### DRIVER

## THE FUTURE OF PERFORMANCE IS ELYTE

### FEATURES & BENEFITS

#### Lightweight, Forgiving, Easy-To-Swing

- For golfers with moderate swing speeds, the Elyte Max Fast model utilizes an ultra-lightweight design, including a lightweight shaft and grip, to deliver a very easy-to-swing driver.
- This ultra-forgiving model is designed to increase clubhead speed for maximized carry distance.

#### Elyte Speed from Enhanced Shaping

- The all-new Elyte Max Fast shape provides enhanced aerodynamics for Elyte speed throughout the entire golf swing.
- The improved shape is designed to maximize swing speed with improved forgiveness and launch conditions.

#### The Future of Composites

- The Elyte Max Fast driver features an all-new Thermoforged Carbon crown.
- This aerospace grade carbon fiber enables fast head speeds while optimizing launch and spin.

#### Ai Advancements for Optimal Distance, Control, and Launch

- Our most advanced Ai face to date, the new Ai10x Face delivers 10x more control points than the Ai Smart Face™.
- Designed to produce exceptionally fast ball speeds, tight dispersion, and optimized launch across the face.
