

Odyssey Microhinge Putters: Media Summary Sheet

Odyssey Microhinge putters feature our original Microhinge insert, delivering best in class roll, and Versa alignment to make these easy to aim. This high-performance putter is available in classic Odyssey shapes and comes in a striking silver and black finish.

Our Best Rolling Insert Ever

The Microhinge insert delivers a soft feel and unbelievable forward roll. The hinges in this insert get the ball rolling with immediate topspin.

Versa Alignment

An iconic alignment technology for Odyssey, these putters come in a premium silver and black combination for a stunning look.
