

ELYTE[®]

X

THE FUTURE OF PERFORMANCE IS ELYTE

FEATURES & BENEFITS

Maximum Forgiveness

- The Elyte X model utilises a larger profile and cavity-back construction to provide maximum forgiveness.
- With increased offset, sole width and topline thickness, the X model is perfect for golfers looking for distance, maximum forgiveness, and easy launch.

Shapes Designed for Speed

- The Elyte X irons are shaped for speed. A new shape and construction are designed to help increase ball speed.
- And the new sole design with an enhanced pre-worn leading-edge feature is extremely fast through the turf.

Ai Advancements for Optimal Distance, Control, and Launch

- The new Ai10x Face delivers 10x more control points than the Ai Smart Face.
- With more precise Ai, the Ai10x Face produces exceptionally fast ball speeds, tight dispersion, and optimised launch across the face.

Enhanced Sound & Feel

- The Elyte X irons utilise a full-body approach to sound & feel.
- Through construction enhancements and more of our patented urethane microspheres, Elyte X irons exhibit outstanding sound & feel.
