

APEX

Ai 300 BLACK SHADOW

PERFORMANCE THAT STANDS ALONE

Limited Edition Black Shadow Finish

A sleek, chrome-plated black finish that exudes sophistication and power. Striking looks meet exceptional performance in this exclusive design.

Premium Look and Feel

A forged hollow-body combined with a forged 455 Face creates a Tour-level sound and feel. This advanced forged construction is coupled with a stunning, premium design that will captivate you more than ever before.

Our Most Complete Player's Distance Iron

In addition to enhanced feel, the Forged 455 Face Cup delivers outstanding power across the face. This unique combination of power and feel separates the Apex Ai300 from the rest.

Incredibly Consistent Ball Speed, Spin, and Dispersion

The Apex Ai300 achieves incredible consistency through the Ai Smart Face. Using real golfer swing data combined with artificial intelligence, the Ai Smart Face generates outstanding speed and spin consistency with tight dispersion into greens.
